

The following residents have been nominated to serve on the Muirfield Association Board of Directors for a 3-year term.

**BOARD OF DIRECTORS NOMINEES:**

Robert Fathman\*  
Warren Fishman\*  
Margaret Fite  
Harry Knight  
Don Miller  
Rick Ross  
Jeffrey Stucke\*

\*Incumbent

*The nominees have submitted the following biographical sketches:*

**ROBERT FATHMAN – 5805 TARTON CIRCLE NORTH**

My wife and I have lived in Muirfield for 22 years and have been involved in many ways. For the past several years I have chaired the Civic Action Committee of the Muirfield Village Civic Association, a group that successfully pressured AEP into spending \$14 million upgrading electric service in Muirfield. The “Muirfield List” and the “Update Your Home” seminars also arose from this Committee.

In my position as a Director of the Homeowner’s Association, I have been an advocate not just for keeping Muirfield up to date, but for advancing it *ahead* of newer subdivisions with improvement to facilities, landscaping and the website. I have supported pool improvements, the splash park, water slide and new hot tubs. Spending on bike path maintenance increased, the playsets were significantly upgraded and the putting green was added. The Association has upgraded landscaping for Muirfield neighborhood entrances, added stone walls, new flowers and irrigation systems where water is available. Changing legal representation has resulted in vastly improved collection of past-due accounts and better compliance with deed requirements. We recently began a successful program allowing residents to memorialize loved ones with a tree, bench or swing.

Trustees need to look forward, and not just be content with the past. I want Muirfield to be the place where your home value increases, and where your children and grandchildren will return to live. As you consider candidates, I hope you will support the efforts I’ve made to move Muirfield forward financially, aesthetically and with improved facilities.

**WARREN FISHMAN – 8577 TURNBERRY COURT**

My wife Bea and I have lived in Muirfield Village since 1977. Our two grown children grew up here. They have given us seven beautiful grandchildren. I have my own business, Fishman Property Management Realty.

I have been involved in community service for a long time, including:

- Past and current member of Muirfield Village Board of Directors since 1977, with a couple of years off, serving as president for eight years
- Member of the first Muirfield Design Review Committee
- 29 year member of the Dublin Planning and Zoning Board, including some service as chairman
- Member of the Dublin Board of Zoning Appeals
- Member of the 1997 committee for the first Revised Community Plan for the City of Dublin
- Member of Dublin Bicycle Task Force; currently serving as a Bicycle Ambassador
- 2007 graduate of Leadership Dublin
- Past member of Dublin Counselling Board

I would like to continue to serve as a Muirfield Trustee, helping to retain the high standards that protect property values and quality of life, while keeping up with innovation and progress. I would like to continue assisting with the decision-making progress for improvements of our facilities. I believe that it is important to have a director on the board who has had a long historical knowledge of Muirfield Village from 1977, and into the future.

---

**MARGARET FITE - 8639 Gairloch Court**

I have lived in Muirfield Village with my husband and two children since 1994. My professional background is in finance, accounting and real estate investment largely from serving as the director of accounting and financial reporting for the real estate investment portfolio of State Teachers Retirement System of Ohio. I have spent the majority of my time the last 8 years tending to our family and related volunteer activities at The Wellington School. As my children complete their primary education and transition to college, I would like to have a greater impact within my neighborhood. My family has truly enjoyed so many aspects of our unique community. The development of Muirfield Village has been a benchmark for other residential developments locally and beyond.

If given the opportunity to participate on the Board of Directors, I would strive to ensure the continued success of our community and its resources.

## **HARRY KNIGHT – 9244 LERWICK DRIVE**

Following a 5 year career in professional athletics, I started my career with Anheuser-Busch in 1979. After a series of promotions, I was offered a Senior Manager position with AB here in Columbus. My wife Cathy, children Brian and Anna and I moved to Muirfield Village in 1994. In 2008, I accepted a voluntary early-retirement and began working for The Kroger Company as a senior manager. I retired from Kroger in April 2013. I continue to do private consulting in Organizational Leadership and Succession Planning.

Before coming to Muirfield Village, we lived in Williamsburg, Virginia in the Anheuser-Busch planned community of *'Kingsmill'*. I had the opportunity of participating in the formative years of this planned community. I sat on planning committees and ad-hoc groups such as golfing events, regattas, holiday events and various other private and public events.

Locally, I sit on the board of directors for Altenburg and Associates, Merrill-Lynch Wealth Management Group.

My hobbies are spending time with my family, which includes 4 very active grandchildren, periodic consulting, traveling with my wife and close friends, and playing guitar in a couple of music projects, locally as well as a few events that have spanned from the west coast to the east coast.

My primary reason for wanting to become a board member is due to the tremendous growth and nationwide notoriety that Dublin is receiving and the importance for Muirfield to have a long-term strategic growth and development plan to support the future vision of this area.

---

## **DON MILLER – 6469 MOORS PLACE WEST**

After a long career as a senior executive with a leading U.S. based luxury furniture manufacturer with responsibilities for International and Contract Sales, my wife and I moved to Muirfield Village in late 2010 from the San Francisco Bay area. We arrived just in time for Christmas and to join our daughter, her husband and three children who were also new homeowners in Muirfield Village.

What drew us to Muirfield Village is the lifestyle and the commitment to quality that is reflected in the pools, playgrounds, landscaping, community pathways, and the overall presentation of our community to those just passing through on Muirfield Drive. Since we have been Muirfield residents, I have been active in the Muirfield Village Civic Association organizing the Monthly Men's Luncheon Group.

Over the years, our family has lived in a number of PUD's in Florida, Colorado, and California. We know that Muirfield's deed restrictions and design standards, along with committed residents who are eager to be involved are responsible for the unique qualities that have enhanced the living experience within Muirfield Village.

I am a firm believer that for Muirfield Village to continue to thrive and reflect the values in our Covenants, we all must be give back to our community. For that reason, I will work with the Board of Directors to protect and constantly update the Muirfield Village deed restrictions and design standards and to insure that all of our investments are protected in a way that makes us all proud residents of Muirfield Village.

## **RICK ROSS – 5520 DUMFRIES COURT EAST**

In 2000, after months of searching, my wife and I decided that there was no better place to call home than Muirfield Village. What we found here are thoughtful standards without the mass produced look that's common elsewhere.

I'd like to serve on the Board to help contribute to Muirfield's continued success. My background and experience will help me be particularly effective.

I have firsthand experience getting results that impact our community. I've worked with the City on matters that affect Muirfield Village. I'm also using the web to encourage neighborhood communication. To that end I've introduced a site, NextDoor.com, on which residents are beginning to interact.

My company, founded in 1997, puts people first. I help organizations become more innovative and help them identify and implement technology-based opportunities.

Muirfield is an ideal place to raise a family. My daughter is a junior at OSU studying to become a psychologist. My son is a senior at Dublin Jerome High School and will enter the Honor's program at OSU in the fall.

Muirfield Village is an exceptional community. I'll be honored to serve as your representative on its Board.

---

## **JEFFREY STUCKE – 5610 LOCH MORE COURT WEST**

I have been a Muirfield resident for 12 years. Currently, I am the President of Muirfield Association's Board. I have served on the Board for 6 years and been elected President for 3 of them. Serving Muirfield residents has been an enjoyable experience, and I would appreciate the opportunity to continue to do so another term.

As a Director, I've....

- Focused on the use of modern technology, website upgrades, wireless access at the pools, and electronic communications. Led efforts to utilize technology and minimize traditional administrative costs.
- Helped promote the updating of Muirfield Drive's median with new signs and landscape. Approved path and bridge repairs and updating of entrances and their landscapes.
- Partnered with both the Golf Club and Country Club on numerous topics and tried to lead with a professional approach and focusing on win-win solutions.
- Helped address city-wide issues affecting Muirfield residents.

I would be honored to serve another term on the Board and help Muirfield build on its unique and special qualities. As a Director, I will view my role as a representative of the community. It is my intention to focus on creative and new ideas that will help improve the facilities/common grounds and ultimately improve the overall living experience within Muirfield.

From a personal standpoint, my wife, Amy, and I have two children, Alexandra and Preston. I graduated Magna Cum Laude from The Ohio State University's Fisher College of Business. Professionally, I am a HR Business Partner at Accenture.
