

# The Village Voice

For Muirfield Village Residents Compliments of Muirfield Village Civic Association

GENERAL INTEREST: IN AND AROUND THE VILLAGE

## YOUR OPINION MATTERS

We need your opinion. The Muirfield Village Civic Association, together with the Muirfield Homeowners Association would like each resident to provide answers and opinions that will help guide the Associations in providing better planning for the future of Muirfield.

This is a chance for our homeowners to evaluate the amenities and programs presently provided along with the ability to offer suggestions as to what they want in the future.

This brief, anonymous survey will ask about household composition, activities and interests along with a comments section for your input.

As you know, surveys are only helpful if there are a large number of respondents. To keep the data as accurate as possible, make this a family affair and only answer one questionnaire. Please take the time to open the survey and provide the data.

The survey will be delivered through the Homeowners Association webmail. This means in the near future, all those residents who have provided email addresses to the Association will receive the survey link by email. The survey link will also be available on the homepage of the Homeowners Association at [www.muirfieldassociation.com](http://www.muirfieldassociation.com). Any resident who does not have web or email access may contact the Association office at 614-889-0922 and a survey will be mailed to you.

We hope to share the results of this survey with you in the next issue of the Village Voice and through the Homeowners Association.

## PICKLEBALL COMES TO MUIRFIELD

Pickleball has come to Muirfield. Join the fastest growing sport in America and come to the Glick Road Tennis Courts on Mondays at 8:15 a.m. and Thursdays at 9:00 a.m. We regularly have anywhere from 4 to 10 men and women playing with varying experience and abilities. Come join us on Monday or Thursday mornings to see what this is all about. Extra paddles are available - all you need is a pair of tennis shoes to get started. For more information google pickleball or go to [usapa.org](http://usapa.org). The Westerville Recreation Center and Upper Arlington Senior Center have leagues in existence now and the ultimate goal is to get a permanent court built in Muirfield. A good time is always had by all! For more information, please contact **Ruthie Trott**, [jerry\\_trott@yahoo.com](mailto:jerry_trott@yahoo.com).

Back Row: Jerry Trott, Mac McNeil, Roland Kohlman, Barbara Hilyard, Dave Dyer.  
Front Row: Pat Taylor, Ruthie Trott, Phyllis Astrov, Bonnie Fedor, Gretchen McNeil, Carolyn Dyer, Charlotte Coomer.

### CIVIC ACTION COMMITTEE

#### Construction Relief is Near!

Hang in there Muirfield; the City is almost to goal on two major projects that have littered the landscape with orange barrels and slow trucks.

Both directions of Muirfield drive are getting five feet of extra pavement added to the outside lanes, and those will be given special marking designating them as bike lanes, making it safer for cyclists, drivers, and joggers. Plus the new LED streetlights, farther back from traffic, won't be jumping out in front of cars like they used to. If the two bridges just north of Brand Rd. have not yet been installed, keep your eyes open for the crane that will move those into place. They will be longer than but identical in look to the bridge on the Brand Rd. bike path. This project should make it safer during Tournament week also, as fans have often walked very close to moving vehicles as they walked home or to their own cars after play. The project should complete in mid-November, but final landscaping will not be done until spring. It was originally scheduled for 2013, but was delayed once the Muirfield Village Golf Club succeeded in getting the prestigious President's Cup.

The Glick/Dublin Rd. intersection is also nearly finished. We will finally have left turn lanes, denying Shawnee Hills

Some Muirfield residents call him “The Mayor of Muirfield.” His patients call him “Dr. Bob.” His five grandkids call him “Papa.” His wife, Gina, calls him to take out the garbage, spread mulch and help with other chores at their lovely home on a Muirfield pond. Most of you reading this know **Bob Fathman** as the guy who sends out the e-mail blasts to MVCA members updating us on road closures, development proposals coming before City Council and much more. Bob sends those as Chair of the MVCA’s Civic Action Committee (CAC). But that is only the more visible and recurrent of his many involvements that better our community.

Bob and the CAC filed complaints with the Ohio Public Utilities Commission several years ago that resulted in American Electric Power spending over \$14 million to improve the underground electricity system in Muirfield, including replacing an entire substation on Sawmill Rd. Muirfield had been averaging 3 outages a month, now these are rare. A couple of years ago he organized the leadership of all the subdivisions along Brand Rd., and hundreds of Muirfield residents, to lobby City Council to construct the recently completed multi-use path on Brand. Without his intervention, the path would have detoured around Wyandotte elementary and down Earlington, due to objections by one homeowner on Brand. He has now organized 8 other subdivision leaders into advocating for no or low-density development of the Riviera Golf Club, to avoid overloading schools and increasing taxes. In addition to his role with the MVCA, Bob has been elected to the Muirfield Association Board where he is now serving this third term.

He and Gina do many behind the scene things in Muirfield as well, such as helping stuff thousands of plastic Easter eggs with candy for the MVCA’s annual Easter egg hunt, and he has done highly visible things, like appearing on the Today Show, Anderson Cooper 360 (twice), CNN Headline News and even the Jerry Springer Show – in the days before chair throwing! The many media appearances, and testifying before Congress and to various state legislatures around the country, came about after he founded state and national organizations to end school corporal punishment. 31 states and all Catholic schools in the U.S. now prohibit teachers from paddling or otherwise hitting children. His profession, he is a clinical psychologist on the medical staff at Riverside and in private practice, lends professional credentials to his presentations on the subject.

For recreation, Bob enjoys biking around Dublin and Central Ohio, sometimes with a grandchild in the baby seat behind him. He and Gina travel extensively. Just this summer they toured Eastern Europe, Budapest to Bucharest, visited daughters and family in Atlanta and at Lake Tahoe, and spent a long weekend at Mammoth Cave, hiking extensively both underground and on the surface. They also relax by socializing with neighbors and friends, and just this summer hosted the summer TGIF party for all MVCA members at their home.

“Dr.,” “Papa,” “Mayor,” “Dad,” -- he is just “Bob” to all of us who know him. And we all benefit by having a person of such impact volunteer so much of his talent and time for our good here in Muirfield.

## ALISSA RODGERS AND ZACH SPAFFORD

### Muirfield couple help local community finds wellness through massage and yoga.

**Alissa Rodgers and Zach Spafford** are Muirfield residents who are living their dream - helping transform people's lives through massage therapy and yoga.

After growing up in Muirfield and studying at Penn State, Alissa moved to Washington DC to pursue her interest in Healthcare. But it wasn't long before Alissa returned to Dublin to be closer to her family and build her life here.

Alissa, along with her mother and stepfather, Julie and Steve Kambeitz (also Dublin residents) first stepped into business in the wellness field in 2007, when they opened up two Massage Envy franchises in Powell and Dublin. It was through the massage business that Alissa and Zach, also a massage therapist, met. But massage therapy wasn't their only interest. Together, Alissa and Zach were in search of a local yoga studio that provided a great atmosphere but they were unable to find what they were looking for. As long-time believers in both yoga and meditation, they couldn't help but want to establish their ideal yoga spot. It was a big leap of faith to take on yet another adventure, but they believed so strongly in it that they committed to make it happen and never looked back. They started GoYoga where they quickly built a following, reassuring them that there were other people out there who were looking for yoga in a great place, with a welcoming environment. In late 2010 they opened their first dedicated space off Sawmill Parkway in Powell. Locations in Upper Arlington and New Albany have since been opened.

The couple have found that the demand for both massage and yoga has made it clear that central Ohioans are committed to practicing healthy and holistic ways to manage stress, reduce tension, help with the healing of injuries and to stay in shape. It brings them joy to see people taking better care of themselves

and living happier lives as a result. Through their partnerships and volunteer efforts with organizations such as the Arthritis Foundation, AA, The Ohio State University Department of Integrative Wellness and Pelotonia, they hope to continue to share education about the benefits of massage and yoga with their local community. And not just adults, but kids, too!

Along with their passion for massage and yoga, the couple purchased an older home in Muirfield just last year and has spent the past year doing a full remodel. They are thrilled to live in such a family friendly community and enjoy the bike paths, pools and ponds with their 4 boys, Collin, Jake, Jude and Bowen. Alissa and Zach do believe Dublin is one of the happiest suburbs in America and are grateful for the opportunity to contribute to the community through sharing their passion for wellness and creating healthier and happier lives!

You can find more out about Massage Envy at [www.massageenvy.com](http://www.massageenvy.com) and about GoYoga at [www.goyogausa.com](http://www.goyogausa.com).

Alissa teaches her grand opening class at her Yoga Studio in Powell.

**SEEMA AND ANDREW CAMERON**

If you've ever gone to the OhioHealth Dublin Urgent Care for strep throat, a broken arm, or had a sinus infection, you may have been treated by OhioHealth Urgent Care physician and local Muirfield resident, **Seema C. Cameron, MD**. Dr. Cameron and her husband, **Andrew Cameron, Ph.D.**, and their daughter, Keira, have called Muirfield home for the past four years. Keira is in second grade at Columbus Academy.

The Cameron's had rented a home in Powell during her residency. Once she decided to stay with OhioHealth after residency, the Cameron's wanted to find a permanent home in the Columbus area. They chose Muirfield because of its reputation for being family-oriented and a close-knit, involved community. They were also attracted to the neighborhood's aesthetics, architectural features of the houses, and numerous amenities, such as the miles of walking trails that they use with their two Bernese Mountain Dogs. There is also the added convenience of living only three miles from her OhioHealth Dublin Urgent Care workplace.

There is no "typical" day for Dr. Cameron at the Urgent Care. From cuts to ear aches, Dr. Cameron and her staff have to be prepared for anything. But she says, "It's her staff and her physician colleagues that create both a positive patient experience and a friendly, enthusiastic work environment at the Urgent Care." The urgent care setting appealed to her because it provides more convenient access to care for patients and because of the often instant gratification that comes from treating acute conditions where the patient will often feel better within hours or just a few days.

With two professionals in the house, juggling the schedule for a busy family can be hectic, but the Cameron's make it work. In her little bit of spare time, Dr. Cameron likes to tend to her flower garden, walk the dogs, read and cook. Keira, age 7, especially likes the two Muirfield pools. On any given day, the Cameron's can be found enjoying the pools, attending their daughter's various sporting events, or utilizing the miles of bike paths in Muirfield. "We really enjoy our neighborhood, and everything the community has to offer," said Dr. Cameron. "It's amazing how the people of Dublin have such pride in the community and it especially resonates in Muirfield."

**NOTHING LASTS FOREVER**

"Nothing Lasts Forever" a book written by Muirfield resident **Marie Andrews**, who was profiled in our summer newsletter, was recently accepted by three local library branches include the Columbus, Worthington and Dublin City Libraries. The book is dedicated to Maria's, daughter Joan Andrews Hays who bravely fought a rare form of cancer: bile duct cancer. The proceeds of the book go to The James Cancer Hospital for Research and Awareness (#482453) in her name. It is Marie's wish that fellow friends and residents of Muirfield will get the book from the library. The book is a delicate love story of faith, character and the present world. It's a moving book that you will love reading.

# COMMUNITY ADVERTISING - PAIRINGS SHEET

The Muirfield Civic Association Village Voice Newsletter accepts small (50 words or less) ads from Residents Only. One ad is free per year and may offer a “hobby” type business or service. No commercial ads and no graphics. You may advertise your garage sale, piano lessons, pet sitting, personal training etc. or specific items for sale or rent such as a vacation property. Parents should submit ads for their children for services such as babysitting. Second ads and non-MVCA member residents can purchase an ad for \$30.00. All submissions will be posted under our Community Advertising also called “The Parings Sheet”. All ads can be submitted directly to the Village Voice at [villagevoice@muirfieldvillage.org](mailto:villagevoice@muirfieldvillage.org).

the revenue generated by ticketing drivers who went around left-turning cars on the right berm. Yay! We will soon have safer pedestrian crossings with crosswalks and push-button signals, and less of a wait for drivers. It will not be ideal - a roundabout would have been the best answer, but prior construction allowed by Shawnee Hills negated that possibility. The construction will bring us a long-awaited improvement, one which took great leadership from Dublin, which only has responsibility for a quarter of the intersection. Applause goes to City Engineer, Paul Hammersmith, who has long and effectively worked to make this possible.

## Update on I-270/Rt. 33 Construction

As construction ends on Muirfield Drive and Glick/Dublin Road, a huge project “ramps” up at I-270 and US 33. The weave ramps that present such a hazard and slowdown will be removed, with directional ramps installed, and US 33 becoming four lanes in each direction between Avery-Muirfield and I-270. A new traffic signal will be installed where northbound 270 traffic exits onto eastbound 33. Tree removal begins in December, with actual construction starting spring of 2015. The largest impact begins June 8, when the two bridges that take Rt. 33 over I-270 will both be removed, as will be the ramp from 33 eastbound to 270 South. This will clog local streets as drivers are directed on detour routes. That major impact will last four months, until mid-October. Patience will be required when traveling thru this area as this important project begins. Many of you as individuals and business owners or executives sent in excellent letters of support for the funding of this project over the past year, and helped to finally make this happen. Details will come in later newsletters. Watch the Dublin website and local media for updates.

## President's Corner

By now I hope you are back into your fall routine. I know I am and so is the Muirfield Village Civic Association (MVCA).

MVCA ended the summer season with Movie Under the Stars in July and a T.G.I.F party at the home of **Bob and Gina Fathman**. The MVCA board also met with members of the Welcome Warehouse to present a check for \$9,000 raised from the Spring Black and Tan Event. This event not only helped raise funding to address the increasing needs of those in our community, it also raised awareness about the fact that these needs exist in our community.

MVCA is always looking for ways to better serve the residents of Muirfield. We are excited to collaborate with the Muirfield Homeowner's Association in a joint survey to better serve you. To better serve you, we need your feedback. Please read more about our community wide survey in this issue of The Village Voice. Not only do we want your feedback, but also we cannot make these fabulous events happen without you! Volunteers are always needed. If you're new to Muirfield, this is a great way to meet some friends. Long time residents, we would love to work with you! The more the merrier, so grab a neighbor and lend a hand or bring them to the next scheduled activity.

Looking forward to seeing all of you!

# THE MUIRFIELD VILLAGE GARDEN CLUB

## Busy as Bee's

The Muirfield Village Garden Club and the Dublin Girl Scout Troop 2573 celebrated National Pollinator week at the Dublin Library June 16-22. "Busy as bees," the scouts planted butterfly nectar plants. They also created hand drawn pictures for a library display to educate the public about the importance of saving the butterflies and bees. Because pollinators are threatened and are essential for the production of our food, the Muirfield Village Garden Club has dedicated some programs this year on this topic and has taken steps in the community to address this problem. We encourage Muirfield residents to recognize the value of adding pollinator plants to their landscapes. Some recommendations are milkweed (the only host plant for Monarch butterfly eggs), Shasta Daisies, Cosmos, Bee Balm, Phlox, Petunias, Zinnias, Lantana, Butterfly Weed and Sedum. These are plants that provide nectar for many butterfly species. Herbs like Fennel, Parsley, Mint, Sage and Rosemary are also valuable for the caterpillars. Remember our fruits require pollination by bees. With out them we would have no apples, peaches etc. So please try to avoid killing bees with sprays!

Remember as you clean up our gardens this fall, leave the dead purple coneflowers and Shasta daisy seed heads on the plants through the winter. This will help to feed overwintering birds! For more information or questions on pollinators and invasive species, contact the garden club at their new website: [www.Muirfieldvillagegardenclub.com](http://www.Muirfieldvillagegardenclub.com).

## Blue Star Memorial Program

The Muirfield Village Garden Club is proud to announce their participation in the National Garden Club's Blue Star Memorial Program.

The Blue Star became an icon in WWII and was seen on flags and banners in homes, churches and businesses for sons and daughters away at war. In 1945 the National Council of State Garden Clubs began the Blue Star Memorial program, placing large metal Blue Star Highway Markers along highways throughout

the United States. The Blue Star program was expanded to include Memorial Markers to be placed in community locations.

The Muirfield Village Garden Club will be placing a Blue Star Memorial Marker and Memorial Garden on the grounds of the Dublin Cemetery. This Memorial Marker will be visible as you walk along Bridge Street and as you enter the Cemetery. A community dedication ceremony will be held when the Memorial Marker is placed.

Muirfield Resident and Garden Club Member, **Helen Houpt** has graciously assumed the chair position for this valuable community project. The Garden club will have different activities to assist in the development of this garden. Please forward any contributions to: Muirfield Village Garden Club, P.O. Box 890, Dublin, Ohio 43017.

We hope to make this a community wide project and look forward to seeing everyone at our dedication celebration. The date will be published as soon as possible.

## Other Upcoming Garden Club Events:

Next up for the club is Hiking in Highbanks State Park and learning techniques for photographing nature. We will have our annual holiday flower design program at the library in November and our year-end holiday luncheon after touring the Ohio State House.

New members are welcome! Consider attending a meeting as a guest! For more information on membership, please contact **Gina Fathman** at [Ginafathman@yahoo.com](mailto:Ginafathman@yahoo.com) or 614-798-0031.

## FAMILY ACTIVITIES

### Muirfield Summer TGIF Party

Perfect weather and a doorbell that played The Jamies' hit, "Summertime, Summertime, Sum-sum Summertime" greeted the many Muirfield residents who accepted the invitation to the mid-August TGIF party for MVCA members at the home of **Bob and Gina Fathman**. Everyone brought an appetizer or dessert plus their own drinks, and enjoyed conversation mostly on the deck and screened porch on the beautiful summer evening. Nametags helped the Muirfield neighbors get acquainted, with red tags for those new to Muirfield in the past year to encourage established residents to introduce themselves. Bob made his famous Sicilian marinated olives and Gina prepared garlic and herb grilled pork tenderloin among other dishes to start the night. The kitchen counter was soon laden with many dishes to sample. The drink station was on the deck, with a tub for beer, another for white wines, and a third for soda. Several couples very new to Muirfield attended, and all enjoyed the overhead lights, summer flowers, view of the pond, soft breezes, but mostly the camaraderie of their Muirfield neighbors.

## NESTER NUGGETS

### Howdy Partners!

On Saturday June 14th, there were jeans, Stetson's and beef brisket at the Muirfield ranch of **Frank Pottmeyer** and his favorite cowgirl **Carol**. It was a Western BBQ Party with over 30 of their Empty Nester neighbors.

Frank and Carol hosted a party with plenty of food and firewater, followed by Texas Hold'em poker (naturally). There weren't any shoot-outs, just lots of fun. Thanks, Frank and Carol, for hosting a great event!

### Picnic at the Ohio Wildlife Center

The Ohio Wildlife Center, located just north of Shawnee Hills, was the site of the Empty Nester picnic on August 30th. Our host and hostess, **Don and Holly Eckert**, organized a picnic lunch followed by a tour of the organization's animal rescue facility.

The Ohio Wildlife Center (OWC) is a non-profit wildlife rehabilitation organization and is nationally recognized as an authority on native Ohio wildlife issues. Every year almost 5,000 injured, orphaned and sick wild animals are admitted to its emergency facility. In 2000 OWC founded SCRAM, the only 100 percent no-kill wildlife control organization in Ohio. All revenue generated by SCRAM! is directed back to the OWC to further its rehabilitation and education efforts. Thanks, Don and Holly, for making us aware of this terrific neighboring organization.

# MUIRFINS FINISH OUT SEASON!

*See You ALL Next Summer*

With two beautiful sunny championship days, the 2014 Muirfins swim season came to a successful end on July 8 & 9th. We couldn't have asked for better weather to end our swim season! Congratulations to the Muirfin swimmers as many personal bests were achieved. It was a fun-filled exciting season with swim meets each week, the Irish relays, developmental meets, a morning with flying pancakes, a family pot luck breakfast and of course all those fun Fridays complete that included donuts for everyone. Our swimmers had a blast swimming with their friends while working hard each day at morning practices, improving their strokes and even breaking some records along the way.

The success of the season could not have happened without the support from our all the families who participated in swim team this summer. Special thanks goes to **Paige Dewalt**, Muirfins President, and her Board as well as head coach, **Axel Birnbrich** and all our age group coaches including **Kelsey Holderman**, **Austin Hunt**, **Matt Minns** and **Ian Betts**! And without our parent volunteers our meets would not run as successfully as they do. So thank you for helping to run another successful swim season!

The season wrapped up on July 10th with a banquet to celebrate all our winners which included participation awards for all swimmer, and many special awards including most improved, high point and most valuable swimmer for each age group as well as sportmanship, most dedicated swimmer, coaches awards and the Katy Callard Award which went out to Alexis Holderman and Hannah Kayuha. Thanks to all our swimmers who dedicated their summer mornings to swim team.

If you are interested in participating in Muirfins next season, keep an eye out for more information in the Village Voice in our Winter & Spring editions. You can also get more information from the Muirfins website at <http://www.eteamz.com/muirfins/> or you can contact email the president of the team at: [president@muirfins.com](mailto:president@muirfins.com).

## MVCA IS ON THE LOOKOUT FOR AN EDITOR

Thinking you would like to get more involved? Have some spare time and you would like to give back to your community but want to stay in the comfort of your own home? Do you like knowing what's going on in the community? Are you organized and do you like spending time on your computer? You might be perfect as the next Editor of the Muirfield Village Voice. The MVCA is currently looking for someone to volunteer as the next editor of the Village Voice. You would be required to help co-ordinate the content, layout and print process for the Village Voice 4 times per year. Previous editing experience is not required but basic computer skills are! For more information on this volunteer position, please contact **Lesley Neave** at [villagevoice@muirfieldvillage.org](mailto:villagevoice@muirfieldvillage.org).

### Nominate Our Next

## Muirfield Shining Star!

Is there a great person in your life who needs to be recognized? The Village Voice wants you to nominate our next Shining Star! If he or she is chosen, they will be profiled in the next edition of the Village Voice. This may be any person who is involved a wonderful initiative, new or interesting business venture, someone who may have been recognized for an exceptional achievement including, but not limited to:

- Being awarded for a sporting/non-sporting activity
- Won a scholarship/leadership award;
- Championed and/or lead a group for a specific cause;
- Opened a New Business
- Volunteers/Works for a special organization and is making a difference in our community;

These are just a few examples and we want to hear about them all. Please forward nominations to Lesley Neave at villagevoice@muirfieldassociation.org.
